

Social Secretary

Ross Purcell

I'd like to run for the position of joint social secretary, as I aim to make the most of my short time here, and I believe I can bring a few qualities which will aid the role in becoming more robust and functional within the MCR. First, I can simply be an additional body to help with the general preparation and running of events. As it stands, it is unreasonable to expect a single person to fulfil a role intended for two. Second, having lived in the local area's two largest cities, Newcastle and Sunderland, I come with plenty of practical knowledge of the surrounding area. Due to this, I should be very helpful in planning and executing any local excursions outside of Durham. Third, I can provide fresh ideas and perspective to continue to make the year enjoyable for all MCR members. Thanks for reading.
