

## **GREY COLLEGE MIDDLE COMMON ROOM**

### **Agenda – Annual General Meeting**

**24<sup>th</sup> October 2010**

**7.30pm**

**Middle Common Room**

- 1. Apologies**
- 2. End of Term Reports**
- 3. MCR Finances**
- 4. Constitutional Review**
- 5. Hustings**

#### **a. President**

##### **i. Artiss, Rachel**

The MCR should be a welcoming and prominent community within Grey. As President I would aim to give the MCR a stronger identity through the use of notice boards, stash, and socials. I will make sure that the MCR is aware of opportunities to enjoy the major college events organised by the JCR. I will ensure that the MCR is actively represented within college, university, and the wider community. Having been here for three years already, I understand how college works and have the knowledge, experience and passion necessary to be an effective and successful MCR President.

##### **ii. De-Waele, Christa**

Although I am new to Grey College, I would like to put myself forward for the MCR presidency.

I have previous experience as the president for the Anthropology Society here at Durham University. During my time, and with the help of dedicated exec officers, the society went from being in the red to leaving the new execs with a respectable budget. Membership increased and events, which covered a wide range of interests, were well attended.

This is what I would like Grey College MCR to be; A place where people can come together, to share experiences and to create lasting memories.

##### **iii. Rackus, Darius**

I've been at Grey for over four years now and in that time have been quite involved with college. With me I bring significant experience in administration, event organization, and running organizations. I currently have a good working relationship with all the college staff, which is an asset when the MCR is relegated to the side or included as an afterthought by college. My main goals as President are presented below:

- a photo/subject board in the MCR so people can identify and recognise members
- more academic events for MCR...we're postgrads afterall
- look into getting windows that open

Vote for me!

#### **b. Treasurer**

##### **i. Alex Merson**

I have held the position of MCR Treasurer for two years previous, so am very familiar with the financial running of the MCR. I am also treasurer for Durham Ultimate Frisbee, so have plenty of experience managing the finances of a club/society. I am very organised, thorough and meticulous. I am friendly, approachable and fair minded and have enjoyed working with previous MCR executive committees. As acting MCR President I oversaw the recent constitutional review and would like to continue working with the executive committee to ensure that the MCR is run smoothly and efficiently.

#### **6. Any Other Business**
